

19" RACK MOUNTING POWER SUPPLY CENTER

ITEM NO.: PR1008-5R

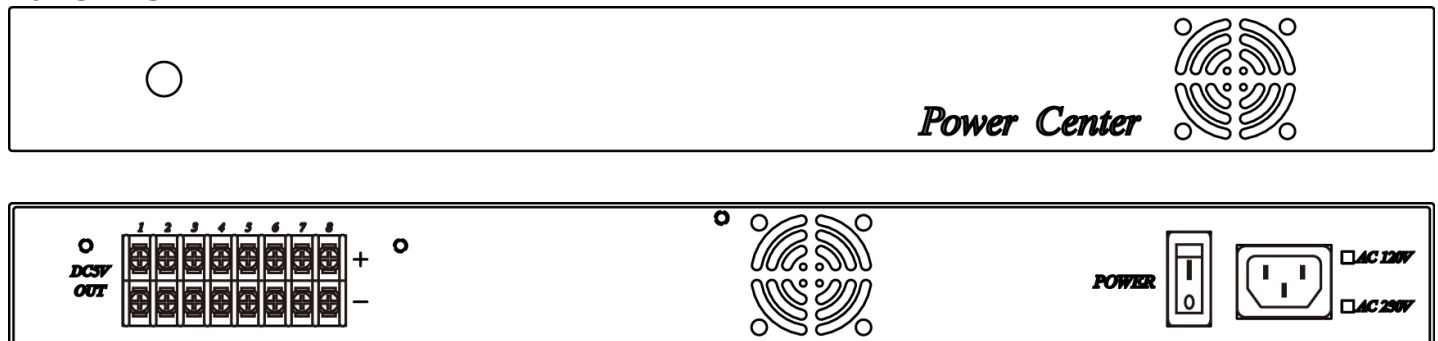

PR1008-5R is DC5V Regulated 10 AMP power supply in 19" standard 1U rack mounting cabinet. It is perfect to install in the control room. Application for larger industry CCTV installation where need numbers of camera, housing, pan tilt turning device or other surveillance equipments power sources from control room.

Features:

PR1008-5R 10Amp 8 Port DC5V Regulated Power Supply in 1U Rack Mounting Panel

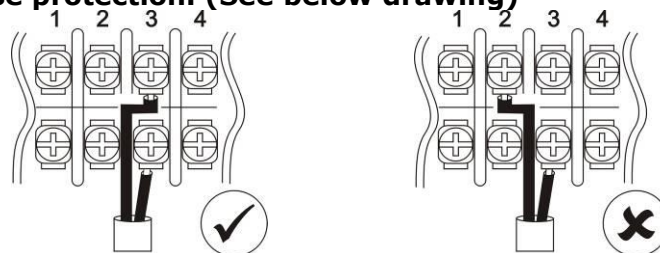

- 10 AMP Eight port power supply, AC120V/230V to DC5V Switching regulated output.
- Each port output current 2 Amp (Max).
- Built in "no fuse breaker" to avoid current overload.
- Built in PTC (positive temperature coefficient) for short protection and auto rework on each port.

Panel View:

Caution for Operation:

1. The power center has built-in auto reset able fuse on each port. The device will open while it is in short condition. Please check the system to find out what caused short and solve it. The device will auto reset after the problem has been solved.
2. Caution: connect only one device to one port, never connect one device to two different ports, or it will lose protection. (See below drawing)

Specification:

ITEM NO.	PR1008-5R
Port	8
Output Voltage	DC5V (Regulated)
Output Current	1.25AMP/ Port
Output Trip Current	2A / Port
Short Cut Time	0.2 Sec/ Port
Cut Current / Time	2.5A/ 4Sec
Reset able Output	AUTO
Reset able Output Time	1 Sec (Min)
Total Output Current	10 Amp (Max)
Dimensions W×H×D mm	437×170×44
Weight g	2500
Storage Temperature	-30℃~70℃
Operation Temperature	-10℃~45℃
